

1. Understand one paragraph

USE THIS PAGE

Use a single identified document; ask for plain-language questions, not a legal verdict.

WORKED EXAMPLE

Fictional: A reader asks what an exchange-location paragraph appears to say, then asks counsel whether it applies.

COPY / ADAPT THIS PROMPT

Use only [filename, version, page]. Restate this paragraph in plain language. Quote the words supporting each point. List ambiguous terms and questions for my lawyer. If the document does not answer something, say 'not found'. Do not decide what the court would do.
